**Courses**

The Admission Assessment Exam Review course was developed based on the Evolve Reach Admission Assessment Exam and is designed to assist students in preparation for entrance into higher education in a variety of health-related professions. Content contained in this course

provides an overview of the subjects tested on the Admission Assessment Exam. Students can use this course as a preparation guide for the exam.

The Admission Assessment Exam Review is written at the high school and beginning college levels and offers the basic knowledge that is necessary for success on the Admission Assessment Exam.

This course covers:

- Mathematics
- Reading
- Vocabulary
- Grammar
- Biology
- Chemistry
- Anatomy and Physiology
- Physics

The chapters include:

- Conversion tables and practice problems in the Mathematics chapter
- Step-by-step explanations in the Reading and Grammar chapters
- A substantial list of words used in health professions in the Vocabulary chapter
- Rationales and sample questions in the Biology, Chemistry, and Physics chapters
- Helpful terminology in the Anatomy and Physiology chapter

Also included throughout the exam review are "HESI Hint" boxes, designed to offer students a suggestion, an example, or a reminder pertaining to a specific topic.
